**CERTIFICATE VALID FROM:**

**Jan 13, 2021 To Jan 12, 2022**

**AUDIT TYPE:**

Announced Audit

**AUDIT SCOPE:**

Visit farm with cultivation of Honey Dew and Cantaloupe melon with a planting area of 132.02 ha and 4 fields. The water used on the farm for application work and staff operation comes from a source, wells and is stored in a reservoir. During the audit there were personnel performing cultivation tasks such as manual weed control and crop irrigation, it is indicated that about 250 employees are kept to carry out the different agricultural tasks. The production season is seasonal and is maintained between the months of November to May approximately. Fertilizer applications are made through the drip irrigation system. Pesticide applications are carried out by means of fumigation equipment. During the visit, the field facilities such as toilets, mixing areas, reservoir, rest areas, chemical storage and farm office are verified. The entrance to the cultivation areas is maintained with controlled access, there are perimeter fences in the production areas, the access points have signs to remind the staff and the visitors about the established hygiene rules.

**PRODUCTS:**

**PRODUCT(S) OBSERVED DURING AUDIT**

Cantaloupe Melons, Honeydew Melons

**Addendum(s) included in the audit:**
